Dear Internship Administrators:

I am writing to express my interest in the program offered at your organization. After researching the program requirements and reviewing the description and positions, I believe that this is the perfect opportunity for me to apply what I have been learning as a student of Computer Science at Riga Technical University.

Having a genuine curiosity in software and due to my growing knowledge in Front-end Development and Computer Science, I believe I would be an excellent contribution to both the team and your organization. By participating in this highly acclaimed program, I would be able to demonstrate my diligence, dedication, and leadership skills. I also stand out as a passionate and inquisitive student, which I further developed through various courses and projects.

Prior to enrolling in graduate school, I worked for more than a year as an Administrative Assistant for educational center. This position provided me with the opportunity to collaborate with professionals in developing educational programs that raised awareness about approaches towards new system, that could enable learners to adopt new learning environments quickly and easily. And I cannot ignore the way it boosted my time management skills by challenging my ability to meet deadlines under meticulous conditions.

As I am currently learning React after having thorough understanding of web development (HTML, CSS, Sass, JavaScript and e.t.c.), I am excited to be applying for the internship. I am convinced that challenging core modules offered at this program could allow me to fall deeply in love with advanced computer technologies, artificial intelligence. And, most importantly, innovation, which I always strive to achieve. Second, the available international atmosphere as well creative and open-minded environment would surely give me a chance to network with the professionals in various sectors of Computer Science and gain firsthand experience while I am at it.

Finally, I pledge to be the outstanding learner. Attached please find my CV, which provides additional information on my background and work experience. Thank you for your consideration and time, and I look forwards to hearing from you.

Yours sincerely,

Doston Nabotov
